One of the most acceptable presents that has come the editor's way in a long, long while was a crate of most delicious red raspberries shipped to him last Friday by his young friend, Mr. Arthur T. Brewster, the well known attorney in Poplar Bluff. Now everybody in the valley and vicinity knows what a rarity and luxury raspberries have been heretofore for many years past. Take our word for it, this was as fine a lot of fruit as was ever grown and we congratulate Mr. John N. Huddleson, of Poplar Bluff, the grower. Mr. Brewster has our sincere thanks.

Felix Delassus, Deputy State Game and fish Commissioner, of Menfro, Mo., was in Potosi, Monday, investigating the enforcement of the game laws in Washington County, and says: "That all hunters must provide themselves with a license, or there will be numerous prosecutions this fall." The laws except no one that hunts off his own land. The squirrel season opens Monday secure your license from the county clerk, and run any chances. Copies of the game and fish laws can be had at the county clerk's office. Washington County should issue from 800 to 1000 licenses annually.—Potosi Independent.

THE DAWN OF PLINY.

Superintendent Burnham has succeeded in completing arrangements to bring "The Dawn of Pliny" to Ironton on the evening of Friday, July 10th, at the Academy of Music. This is a date worth keeping in mind. It is an event of genuine entertainment worth. "The Dawn of Pliny" is more than a lecture—more than a travelogue, more than a moving picture show. It is all of these—and something else—clothed in smiles. Perhaps Indiscretions would be a good word for "The Dawn of Pliny" digs down to the very bottom of our progress and prosperity. It shows why we have plenty to eat and wear, why we have big farms, railroads, factories, and skyscrapers. And best of all, it does this entertainingly. Every point is made plain by colored views and motion pictures. Remember the time and the place.

During Clearing Sale period we will sell best Eastern granulated sugar 20 pounds for \$1.00 in any quantity, and with purchases of other goods amounting to \$5.00 or over we will sell 25 pounds of sugar for \$1.00. Corn and mill feed exorbitant.

Dr. Wolf, Walter Hensley's opponent, was here last week looking after his interests. He claims he will carry St. Francois county, but that is very uncertain. He may carry the lead belt but not the county. Walter Hensley will carry the county by a large majority. I have traveled through seven counties in the district the past two weeks and everywhere I have been they are solid for Hensley. Walter Hensley is one of the brightest young lawyers in Southeast Missouri, and some day he will be in Senator Stone's place. Dr. Eaton of Bismarck is here to-day and says Wolf will not carry a county in the district.

I was at Bertrand, six miles west of Charleston, last week. If they were loading out five cars of wheat. The railroad agent there told me more than one hundred cars had been shipped. I was talking to a big farmer, near Bertrand. He said he had 500 acres in wheat. The merchants are buying wheat at 65 cents and storing it. A merchant at Benton told me he already had 50,000 bushels and expected to buy 20,000 more.
